

ORDER OF THE STATE OF WISCONSIN NATURAL RESOURCES BOARD REPEALING,
AMENDING, REPEALING AND RECREATING, AND CREATING RULES

The Wisconsin Natural Resources Board proposes an order to repeal NR 26.24(38)(a); to amend NR 20.20(2)(c)1., 20.20(3)(b), 20.20(5)(h), 20.20(11)(k), 20.20(12)(g)1., 20.20(14)(f), 20.20(21)(d)1., 20.20(23)(f), 20.20(25)(h), 20.20(28)(f), 20.20(30)(g), 20.20(33)(g), 20.20(41), 20.20(43)(b), 20.20(44)(c)2., 20.20(44)(g)3., 20.20(46), 20.20(51)(bm)1., 20.20(52)(g), 20.20(53)(g)2., 20.20(54)(f), 20.20(56)(e)1., 20.20(56)(j), 20.20(57)(e), 20.20(57)(i)3., 20.20(57)(i)4., 20.20(59)(a)2., 20.20(59)(f), 20.20(64)(d)2., 20.20(65)(g), 20.20(66)(bm), 20.20(68)(a)2., 20.20(68)(g), 20.20(73)(b), 20.20(73)(g)2., 20.20(73)(g)3., and 20.20(73)(o)3.; to repeal and recreate NR 20.20(7)(c), 20.20(13)(h); and to create NR 20.03(31m), 20.03(39t), 20.06(11), 20.20(3)(am)3., 20.20(5)(c)2., 20.20(5)(em), 20.20(16)(c)2., 20.20(22)(g)2., 20.20(24)(b), 20.20(39)(b), 20.20(44)(b)4., 20.20(45)(a)2., 20.20(49)(am)4., 20.20(57)(d)4., 20.20(57)(d)5., 20.20(59)(bm), 20.20(60)(b)2., 20.20(67)(d), 23.05(5)(k), 26.01(46)(title), 26.01(46)(a) and 26.34; relating to fishing on the inland, outlying, and boundary waters of Wisconsin.

FH-03-11

Analysis Prepared by the Department of Natural Resources

1. Statutes Interpreted: In promulgating this rule, ss. 29.014(1), 29.039, 29.041, 29.053, 29.531, and 29.533, Stats., which authorize fishing, have been interpreted as giving the department the authority to make changes to fishing regulations on inland, outlying, and boundary waters of Wisconsin.

2. Statutory Authority: ss. 29.014(1), 29.039, 29.041, 29.053 and 227.11(2)(a), Stats.

3. Explanation of Agency Authority to Promulgate the Proposed Rules Under the Statutory Authority: Sections 29.014(1), 29.039, 29.041, 29.053 grant rule making authority to the department to establish and maintain open and closed seasons for fish and any bag limits, size limits, rest days and conditions governing the taking of fish that will conserve the fish supply and ensure the citizens of this state continued opportunities for good fishing; grant that the department may establish limitations relating to taking, possession, transportation, processing, and sale or offer for sale, of nongame species; and provide that the department may regulate fishing on and in all interstate boundary waters, and outlying waters. Section 227.11(2)(a), Stats., expressly confers rulemaking authority on the department to promulgate rules interpreting any statute enforced or administered by it, if the agency considers it necessary to effectuate the purpose of the statute.

4. Related Rule or Statute: None.

5. Plain Language Rule Analysis:

Sections 1, 2, and 3 define a quick-strike rig and require its use when fishing with a 10-inch or longer minnow as bait.

Sections 4, 16, 28, 33, 40, and 46 decrease the minimum size restriction to 28 inches for muskellunge on ten waters: English and Mineral lakes (Ashland county), Bearskin, Booth, and Squaw lakes (Oneida county), Julia Lake (Oneida and Forest counties), Butternut and Solberg lakes (Price county), Spider lake (Sawyer county), and Upper Gresham lake (Vilas county). These changes are made in conjunction with section 53.

Sections 5, 10, 15, 32, 39, and 48 eliminate the minimum size restriction for largemouth and smallmouth bass in all waters of Burnett County except Namekagon, St. Croix, and Totagatic rivers which would retain a minimum size restriction of 14 inches, and all waters of Washburn County except Balsam, Birch, Red Cedar and Shell lakes, Trego Flowage, and Namekagon and Totagatic rivers which would retain a minimum size restriction of 14 inches. The minimum size restriction is eliminated for all Burnett and

Washburn county border boundary lakes and flowages (sections 5, 15, 32, 39). The dates of the open seasons do not change.

Section 6 increases the minimum size restriction from 40 to 50 inches for muskellunge in Rice and Stump lakes (Barron county).

Section 7 establishes a protected slot for largemouth and smallmouth bass in Lilly lake (Brown county) that allows hook and line fishing from the first Saturday in May to the first Sunday in March, a daily bag limit of 3 in total, and no minimum length, except the possession of fish from 14 through 18 inches is prohibited and only 1 may be longer than 18 inches.

Section 8 reduces the daily bag limit from 25 to 10 fish in aggregate for panfish in Lilly lake (Brown county).

Section 9 eliminates the 15-inch minimum size restriction on walleye, sauger and hybrids in the Lower Fox river (Brown county) to make regulations consistent with the adjacent waters of the Lower Fox river (Outagamie and Winnebago counties).

Sections 11, 12, 13, 14, 17, 18, 20, 21, 22, 23, 25, 31, 34, 35, 36, 38, 44, 47, 48, 51, and 54 increase the minimum size restriction from 15 to 18 inches and decrease the daily bag limit from 5 fish to 3 fish in aggregate for walleye, sauger, and hybrids for all waters in 19 southern Wisconsin counties (Columbia, Dane, Dodge, Grant, Green, Iowa, Jefferson, Kenosha, Lafayette, Milwaukee, Ozaukee, Racine, Richland, Rock, Sauk, Sheboygan, Walworth, Washington, and Waukesha counties), and Lake Michigan tributaries and waters south of a line due east from the eastern terminus of Waldo boulevard in the City of Manitowoc. The minimum size restriction for walleye in the Kickapoo river downstream of the Gays Mills dam (Crawford county) will also change to 18 inches with a 15-inch minimum size restriction on sauger and hybrids in order to be consistent with Lower Wisconsin river regulations. Waters with walleye regulations to be exempted from the rule include the Lower Wisconsin river upstream from the Prairie du Sac dam (Columbia and Sauk counties) where the daily bag limit will remain at 5 fish in total with a minimum size restriction of 15 inches, except the possession of fish from 20 through 28 inches is prohibited and only one fish may be longer than 28 inches; and Monona, Kegonsa, and Waubesa lakes and the Yahara river upstream of Dunkirk dam to the Lake Mendota locks (Dane county) where the daily bag limit will remain at 5 fish in total with a minimum size restriction of 15 inches; the Mississippi river (Grant county) where the daily bag limit will remain at 6 fish in total with a minimum size restriction of 15 inches for walleye and no size restriction for sauger and hybrids; and Yellowstone lake (Lafayette county) where the daily bag limit will remain at 2 in total with catfish, largemouth bass and smallmouth bass with a minimum size restriction of 15 inches and a maximum size restriction of 18 inches. The 15-inch minimum size restriction will also remain on sauger and hybrids in the Lower Wisconsin river, downstream from the Prairie du Sac dam (Columbia, Crawford, Dane, Grant, Iowa, Richland, and Sauk counties).

Sections 19, 24, and 52 modify hook and line fishing for catfish in all waters of Green Lake and Marquette counties, which includes a continuous open season for channel catfish and an open season from the first Saturday in May to September 30 for flathead catfish; a daily bag limit of 25 in total but only 1 may be flathead catfish regardless of whether caught on hook and line, set or bank pole, or setline; and no minimum size restriction except 30 inches for flathead catfish and possession of flathead catfish from 36 to 42 inches is prohibited. These changes make hook and line fishing for catfish consistent with rules in Lake Winnebago system waters.

Sections 19 and 24 also re-establish an open area for set or bank pole and setline fishing for catfish on the Fox river 500 feet above the first dam upstream from Princeton to Wicks Landing at Fox River Drive (Green Lake and Marquette counties) from the Saturday nearest May 20 to September 30. There will be no bag limit, but only 1 may be a flathead catfish regardless of whether caught on hook and line, set or bank pole, or setline, and no minimum size restriction except 30 inches for flathead catfish and possession of flathead catfish from 36 to 42 inches is prohibited.

Sections 26 and 43 increase the minimum size restriction from 40 to 50 inches for three spotted muskellunge brood stock lakes: Archibald and Anderson lakes (Oconto county), and Big Elkhart lake (Sheboygan county).

Section 27 eliminates the current 14-inch minimum size restriction for largemouth and smallmouth bass in the Minocqua Chain (Oneida county).

Section 29 increases the minimum size restriction from 15 to 18 inches and decreases the daily bag limit from 5 fish to 3 fish for walleye, sauger, and hybrids in the Minocqua Chain (Oneida county).

Sections 30, 42, and 50 add the Appleton Memorial pond (Outagamie county), the Kohler-Andrae State Park pond (Sheboygan county), and the Delafield Rearing pond (Waukesha county) to the State's urban fishing program. The program creates a continuous open season but only persons under 16 years of age or disabled pursuant to s. 29.193 (3) (a), (b) or (c), Stats., may fish from the second Saturday in March to but not including the last Saturday in April. Waters in the program have daily bag limits of 1 largemouth bass, smallmouth bass, northern pike, walleye, sauger or hybrid in total; 10 panfish and bullheads in total; 3 trout and salmon in total, and an unlimited number of rough fish.

Section 37 increases the minimum size restriction from 40 to 50 inches for muskellunge in Redstone lake (Sauk county).

Section 41 decreases the minimum size restriction from 28 to 18 inches and increases the daily bag limit from 1 fish to 3 fish for walleye, sauger, and hybrids in Black Dan and Island lakes (Sawyer county).

Section 45 establishes a protected slot size for largemouth and smallmouth bass in Glen and Squaw lakes (St. Croix county) that allows hook and line fishing from the first Saturday in May to the first Sunday in March with a bag limit of 3 fish in total and no minimum length, but the possession of fish from 14 through 18 inches is prohibited, and only one may be longer than 18 inches.

Section 52 also re-establishes a closed area for set or bank pole and setline fishing for catfish within Lake Winnebago system waters from Lake Butte des Morts upstream to Eureka dam.

Section 53 increases the statewide minimum size restriction to 40 inches for muskellunge on all waters currently at a 34-inch minimum size restriction. As noted, sections 4, 16, 28, 33, 40, and 46 decrease the minimum size restriction to 28 inches for muskellunge on ten waters: English and Mineral lakes (Ashland county), Bearskin, Booth, Julia, and Squaw lakes (Oneida county), Butternut and Solberg lakes (Price county), Spider lake (Sawyer county), and Upper Gresham lake (Vilas county). As a result, approximately 600 waters would have a 40-inch minimum size restriction, 20 waters would have a 28-inch minimum size restriction and 20 waters would continue to have a 45- or 50-inch minimum size restriction.

Section 55 establishes a continuous hook and line fishing season for cisco (lake herring), whitefish, and hybrids in the Wisconsin-Michigan boundary waters with a possession and daily bag limit of 10 in total and no size limit. Michigan has agreed to pursue a similar change to its regulations which will make Wisconsin and Michigan rules consistent.

Section 56 establishes a year-round fish refuge in the Milwaukee river within the fishway at the Thiensville-Mequon dam, located at river mile 20 (Ozaukee county).

Sections 57 and 58 alter the boundaries of an existing fish refuge on the Peshtigo river (Marinette county) because the existing privately-owned foot bridge boundary marker will be removed.

Sections 57 and 58 also extend the end date of the fish refuge on the Peshtigo river (Marinette county) from May 15 to May 31.

6. Summary of and Comparison with Existing or Proposed Federal Regulations: None known.

7. Comparison of Similar Rules in Adjacent States: Fisheries management rules are generally similar in the states surrounding Wisconsin. Each bordering state regulates fishing by the use of seasons, bag limits and size limits. Specific seasons, bag and size limits may differ for species across the surrounding states; however, the general principles are similar. Michigan, Minnesota, Iowa and Illinois all have statewide seasons, bag and size limits for fish species, along with special or experimental regulations on individual waters.

8. Summary of Factual Data and Analytical Methodologies Used in Support of the Rule: Rule proposals were developed by fisheries and law enforcement staff to address management and enforcement concerns. Proposals were reviewed for need and adequacy, and approved by a fish team or law enforcement team supervisor and forwarded to regional directors for approval. Proposals approved by the regions were forwarded to the Fisheries Management Bureau Director, who conducted a review with the Fisheries Management Board, the bureaus of Law Enforcement and Legal Services, the Wisconsin Conservation Congress, and the Great Lakes Indian Fish and Wildlife Commission. Only proposals approved by the Fisheries Management Bureau Director are included.

9. Analysis and Documentation Used in Support of the Agency's Determination Under s. 227.114, Stats., (Small Business Impact): The proposed rules do not apply directly to businesses, but to sport anglers.

10. Effect on Small Business, Including How the Rule Will Be Enforced: The proposed rules do not impose any compliance or reporting requirements on small businesses nor are any design or operational standards contained in the rule. The rules will be enforced by Conservation Wardens who have arrest powers and may use citations.
